MEMORANDUM FOR: Director of Security

FROM:

[redacted]
Deputy Director of Security (PSI)

SUBJECT: Industrial Polygraph Program

1. On 19 May 1977 we forwarded to the Office of General Counsel all pertinent material relating to the establishment of an industrial polygraph program as an outgrowth of the [redacted]. It was pointed out to [redacted] that the proposal has not yet been approved by the Director of Central Intelligence, but we required a reading as to any legal problems, in terms of negotiating a formal memorandum of understanding or amendment to the contract. We promised [redacted] a list of questions which will be used during polygraph testing.

2. [redacted] submitted a preliminary list of 29 key personnel to be polygraphed, and Clearance Division is in the process of reviewing the security files. This review is being closely coordinated with [redacted] Security Analysis Group, so that there is no conflict with FBI counterintelligence interests.

3. On 1 June 1977 I met with representatives from Clearance and Security Support Divisions, and there was general agreement that the following questions should be asked in the course of polygraphing contractors' employees and this will involve some individuals who have worked on the program for several years, as well as new employees who are being considered for sensitive access.
